Fee Waivers

Individuals or groups providing in-kind services in-lieu of an overnight fee may get the fee waived based on the park manager's discretion. Since group sizes and projects vary widely, the park manager should determine the number of service hours required to equal or exceed the value of fees waived on a case-by-case basis. Documentation should be kept on how the value was determined. Park managers will need to follow the policy and procedures related to [FIN.080.000 Fee Reductions & Waivers Policy](#) to issue a fee waiver to a volunteer.

Service Event Day Use Parking Passes

Passes for volunteers who engage in service at locations which require a fee can be given a day pass to use on the date of their volunteer service. This pass can be ordered using the [Volunteer Supply Order Form](#).
