Ms. Hubbard,

I have received the records, and I thank you for your integrity in releasing them.

I have a few follow-up questions regarding event SP26097765:

Can you disclose the identity of any other Oregon State Police personnel present or associated with this event, beyond the primary unit named?

Which officer was associated with the vehicle bearing Oregon license plate 731 QRV?

And can you provide the origin point and the travel time to and from the encounter, per the event's dispatch and closure timestamps?

Thank you again.

Robert Samuel White
